Proposition 1B Transit Safety, Security & Disaster Response Program
Eligible Projects

The following projects are eligible for this program:

1. Capital projects that provide increased protection against a security or safety threat, including, but not limited to the following:

    a) Construction or renovation projects that are designed to enhance security of public transit stations, facilities, and equipment;
    b) Explosive device mitigation and remediation equipment;
    c) Chemical, biological, radiological and nuclear explosives search, rescue, or response equipment;
    d) Interoperable communications equipment;
    e) Physical security enhancement equipment;
    f) Installation of fencing, barriers, gates, or related security enhancements that are designed to improve the physical security of transit stations, facilities, and equipment; and
    g) Other security and safety related projects approved by the California Governor's Office of Emergency Services (Cal OES).

2. Capital expenditures to increase the capacity of transit operators to prepare for disaster-response transportation systems that can move people, goods, emergency personnel, and equipment in the aftermath of a disaster.

3. Other allowable costs under California Government Code 16727 (a) include costs directly related to construction or acquisition, including but not limited to planning, engineering, construction management, architectural, and other design work, environmental impact reports and assessments, required mitigation expenses, appraisals, legal expenses, site acquisitions, necessary easements, and warranties, as approved by Cal OES.
