RE: JARC Application

Dear Mr. Hughes,

The Ventura County Transportation Commission is pleased to offer this letter of support for the California Vanpool Authority (CalVans) Job Access Reverse Commute grant application for vanpool vouchers. As you know, VCTC is committed to decreasing traffic congestion, improving air quality and improving access to employment in Ventura County.

A program such as yours that supports and encourages vanpooling will assist in eliminating some of the single occupancy vehicle trips that occur in our area. Of particular importance are the rural residents that struggle to find daily transportation to their worksites. The vanpool voucher program will encourage new participants to try vanpooling and will allow individuals of limited means to reduce their commuting costs.

Your grant application would assist our residents in securing transportation to work and establish long term employment. The Ventura County Transportation Commission supports this effort and looks forward to participating in any manner that is deemed appropriate. The value of this project will extend beyond county borders and will increase access and prosperity for both Ventura County residents and the region as a whole. I look forward to working with you, please call if you have any questions.

Sincerely,
